When we think of love, we think about man and woman's love for each other. A mother's love for her proud son. A father's love for his precious daughter. A brother's close love for his sister. A sister's love for her big brother. Yes love the strongest word this universe. Love can spread in a lot of ways. Our love is no comparison like the love of God. God's love is patient, kind, does not envy, does not boast, it is not proud, does not dishonor, not easily angered and does not keep records of our wrongs. God's love never changes

“When I stood at the cross”

When I stood at cross the man who hung there was no longer there. They told me he died for me. They said he took in everything for a sin sick world. I did not know why would anyone would do this for me. When I stood at the cross they told me that he was the son of God.

Why would the son of God not save his self. They told me that he loved me so much, that he took my place. When I stood at cross, I began to understand how great he is. His name is JESUS !!!
